(a) The remainder of the parish of Roscrea is in the barony of Ballybritt see p 437, and in the barony of Ikerrin county of Tipperary.
(b) The increase is attributed to two houses having been built since 1871 by the Railway Company for their employes.
(c) See note (e) (d) This amount includes the valuation of a portion of the town of Shinrone.
(e) Shinrone town stands on the townlands of Cloghmoyle and Shinrone, its estimated area is 58 acres

(a) The Civic Districts comprise the townships of Parsonstown and Tullamore, and part of the town of Portarlington. (b) Crinkill Military Barrack.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window, in the third a better description of house, varying from one to four rooms and windows, in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First class accommodation consisting of 1st class houses, occupied by one family.

Second class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two and three families, and 1st class houses occupied by four or five families.

Fourth class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Longford; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

The remaining 10,551 acres or 4·1 per cent. were returned as under "Roads, Fences, &c., &c."

Population. (Table ii.)

The number of persons in the County of Longford according to the Census was—in 1841, 115,491; in 1851, 82,348, in 1861, 71,694, in 1871, 64,501; and according to the recent Census **61,009** (**30,770** Males, and **30,239** Females) or **5·4** per cent less than in 1871.

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 11,481, the average number of persons in a family being thus 5·21; and the number of Inhabited Houses was 11,171, showing an average of 5·35 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables iii. and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881, and the decrease during the decade.

Baronies.	Population.		Decrease between 1871 and 1881		Poor Law Unions.	Population.		Decrease between 1871 and 1881

Total,	64,501	61,009	3,492	5·4	Total,	64,501	61,009	3,492	5·4

From the foregoing Statement it will be observed that the highest per-centage of decrease in the Baronies took place in Shrule and Moydow, viz., 7·9 and 6·7, respectively, and the lowest in Longford, viz., 3·4. The highest per-centage of decrease in the Poor Law Unions occurred in that portion of Ballymahon situated in this County, and the lowest in Longford.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the county in 1881, 90·83 per cent. were born therein, 3·27, in other counties of the Province of Leinster, 0·38 per cent. in Munster, 1·70 per cent. in Ulster, 2·46 per cent. in Connaught, 1·12 per cent. in Great Britain, 0·24 per cent. were born abroad, and 2 persons were born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains one such district, viz., Longford, a township constituted under the provisions of the Act 17 & 18 Vic, cap. 103; in 1871 the total population of this township amounted to 4,375, in 1881 it was 4,380.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 2,595.

Religious Professions. (Table xxviii.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade —

Religious Professions	Number of Persons		Per-centage of Total Population.		Increase or Decrease, 1871–1881.		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	58,138	55,501	90·1	91·0	—	2,637	4·5
Protestant Episcopalians,	5,215	4,887	8·1	8·0	—	328	6·3
Presbyterians,	*659	398	1·0	0·6	—	261	*39·6

Information refused,‡	—	2	—	—	2	—	—
Total,	64,501	61,009	100	100	—	3,492	5·4

From the above Table it will be seen that of the total population of the County, in 1881, 91·0 per cent. were Roman Catholics, 8·0 per cent. Protestant Episcopalians, 0·6 per cent. Presbyterians, 0·3 per cent. Methodists, and 1 per cent. members of other Religious Denominations. During the decade there was a decrease in the number of persons belonging to each of the principal Religious Denominations except Methodists,

* A detachment of the 2nd Dragoons (Royal Scots Greys) were quartered in Longford on Census night, 1871, a large number of whom were Presbyterians.

† Including 306 persons whose Religion was unascertained, of whom 288 were drovers and others attending a fair, who were lodging in Edgeworthstown, on Census night, 1871, and who left before the particulars concerning their Religious Profession, &c., had been obtained.

‡ The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Religious Professions.

the respective rates of decrease being as follow.—Roman Catholics, 4·5 per cent.; Protestant Episcopalians, 6·3; and Presbyterians, 39·6, (see note (*) on p. 511). There was an increase of 65, or 52·4 per cent., in the number of Methodists.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Longford in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms

Degrees of Elementary Education	1871		1881	
	Number of Persons.	Rate per Cent	Number of Persons.	Rate per Cent.
Read and Write,	27,129	42·1	31,333	51·3
Read only,	11,400	17·7	10,479	17·2
Illiterate,	25,972	40·2	19,197	31·5
Total,	64,501	100	61,009	100

From the above it will be seen that whereas, according to the Returns of 1871, only 42·1 per cent. of the Inhabitants could "read and write," in 1881, 51·3 per cent could do so; that the per-centage of the population who could "read only" in 1871 was 17·7, and in 1881, 17·2; and that the per-centage of the "illiterate" fell from 40·2 in 1871 to 31·5 in 1881.

The following statement shows the population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

—	1871			1881		
	Males	Females.	Total	Males.	Females	Total.
Population, 5 years old and upwards,	28,659	28,286	56,945	27,398	26,948	54,346
Number of ditto Illiterate,	8,670	9,746	18,416	6,062	6,472	12,534
Proportion per cent,	*29·5	*34·5	*32·0	22·1	24·0	23·1

* The persons mentioned in note (†) at foot of p 511 have been excluded from these calculations.

From the foregoing statement it will be seen that, in 1871, 32·0 per cent. of the inhabitants, aged five years and upwards, were illiterate (29·5 per cent. of the males and 34·5 of the females), and that, in 1881, the per centage was but 23·1 (22·1 of the males and 24·0 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 24·8 per cent. of Roman Catholics, 6·2 per cent. of Protestant Episcopalians, 3·9 per cent of Presbyterians, 4·9 per cent. of Methodists, and 6·7 per cent. of "All other Denominations" were illiterate.

School Attendance (Table xxxvii.)

The number of children attending school in the County of Longford, according to the Census of 1871 (week ending 17th June), was 7,454 or 34·1 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 7,832, or 36·3 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the County of Longford returned as Sick, on the night of the Census, was 485, or 1 in every 133 of the population, in 1881 the number so returned was 410, or 1 in every 149 of the population; of the latter number, 184 were at their own homes, and 226 were in hospital.

Pauperism (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,339 or 1 in every 48 of the population; of this number 667 were inmates of Workhouses, and 672 were in receipt of outdoor relief; in 1881 the number returned was 2,008, or 1 in every 30 of the population; 780 of these being in the Workhouses, and 1,228 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the county of Longford, during the ten years ending 31st March, 1881, was 2,523, equal to an average annual rate of 4·0 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 15,234, affording an average annual rate of 24·3 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 10,044, being equal to an average annual rate of 16·0 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 11,305 (5,700 males and 5,605 females); the number for the previous decade was 13,632, and for that ending with March, 1861, 14,577, making a total of 39,514 for the thirty years.

Registration of Births and Deaths and Emigration. Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 15,234, and the number of Deaths 10,044; a natural increase of 5,190 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 11,305, the net result shown is a decrease of 6,115: this number differs from the decrease (3,492) in the population, as shown by the Census Returns, to the extent of 2,623, a disparity to be accounted for mainly by defective registration, together with the fact that no record of Migration from one part of Ireland to another is available.

NOTE—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm-house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz:—

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, and 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools (of which there are none in the County of Longford) being the first. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Louth and County of the Town of Drogheda; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

General Total,	84,021	77,684	–	6,337	7·5	Total,	84,021	77,684	6,337	7·5

From the foregoing Statement it will be observed that the highest per-centage of decrease in the Baronies took place in Drogheda and Dundalk, Lower, viz. 17·5 and 12·1, respectively; and the lowest in Louth and Ferrard, viz., 9·6 and 10·4, respectively; there was an increase of 388 persons, or 1·9 per cent. in the Barony of Dundalk, Upper. The highest per-centage of decrease in the Poor Law Unions occurred in that portion of Ardee, and the lowest in that portion of Dundalk, situated in this county.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the County of Louth (exclusive of the County of the Town of Drogheda), in 1881, 87·52 per cent. were born therein, 4·88 in other counties of the Province of Leinster, 0·39 per cent. in Munster, 5·12 per cent. in Ulster; 0·26 per cent. in Connaught, 1·53 per cent. in Great Britain, 0·30 per cent were born abroad; and 1 person was born at sea.

(Table xxiv. A)

Of the persons enumerated in the County of the Town of Drogheda 85·02 per cent were born either in Louth or Meath; 5·98 per cent in other counties in the Province of Leinster; 1·33 per cent. in Munster; 4·96 per cent. in Ulster, 0·73 per cent. in Connaught; 1·55 per cent. in Great Britain, and 0·43 per cent. were born abroad.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains three such districts, viz., the Municipal Borough of Drogheda, and Dundalk and Ardee Townships, constituted under the provisions of the Act 17 & 18 Vic., cap. 103; in 1871 the total population of these three towns amounted to 27,809; in 1881 it was 26,832, showing a decrease of 977, or 3·5 per cent., in the rural district of the county the decrease was 9·5 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 2,070; and the borough of Dundalk, with a constituency of 546, returns one Member. The Parliamentary Borough of Drogheda, the greater portion of which is situated in this county, with a constituency of 721 for the entire borough, returns one Member.

Religious Professions (Table xxviii.)

The following statement shows, according to Religious Professions, the number of persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions	Number of Persons		Per-centage of Total Population		Increase or Decrease, 1871–1881		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	76,748	71,179	91·4	91·6	—	5,569	7·3
Protestant Episcopalians,	5,732	5,170	6·8	6·7	—	562	9·8
Presbyterians,	1,153	1,005	1·4	1·3	—	148	12·8
Methodists,	206	250	0·2	0·3	44	—	21·4
All other Denominations (and Religion unspecified),	182	80	0·2	0·1	—	102	56·0
Information refused,*	—	—	—	—	—	—	—
Total,	84,021	77,684	100	100	–	6,337	7·5

From the above Table it will be seen that of the total population of the County of Louth and County of the Town of Drogheda in 1881, 91·6 per cent were Roman Catholics, 6·7 per cent Protestant Episcopalians, 1·3 per cent. Presbyterians, 0·3 per cent. Methodists, and 0·1 per cent. members of other Religious Denominations.

* The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Printed image digitised by the University of Southampton Library Digitisation Unit

During the decade there was a decrease in the number of persons belonging to each of the principal Religious Denominations, except Methodists, the respective rates of decrease being as follow:—Roman Catholics, 7·3 per cent.; Protestant Episcopalians, 9·8; and Presbyterians, 12·8. There was an increase of 44, or 21·4 per cent, in the number of Methodists.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Louth and County of the Town of Drogheda in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write, ...	32,716	38·9	37,230	47·9
Read only, ...	13,457	16·0	11,578	14·9
Illiterate, ...	37,868	45·1	28,876	37·2
Total, . . .	84,021	100·	77,684	100

From the above it will be seen that whereas, according to the Returns of 1871, only 38·9 per cent. of the Inhabitants could "read and write," in 1881, 47·9 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 16·0, and in 1881, 14·9; and that the per-centage of the "illiterate" fell from 45·1 in 1871 to 37·2 in 1881

(Table xxxii.)

The following statement shows the Population five years old and upwards, in the County of Louth and County of the Town of Drogheda, also the number and proportion per cent. thereof who were Illiterate.

—	1871			1881		
	Males.	Females.	Total.	Males.	Females.	Total.
Population, 5 years old and upwards,	36,250	38,194	74,444	33,666	35,514	69,180
Number of ditto Illiterate, .	12,317	15,974	28,291	9,224	11,148	20,372
Proportion per cent, ...	34·0	41·8	38·0	27·4	31·4	29·4

From the foregoing statement it will be seen that, in 1871, 38·0 per cent. of the inhabitants, aged five years old and upwards, were Illiterate (34·0 per cent of the males and 41·8 of the females), and that, in 1881, the per-centage was but 29·4 (27·4 of the males and 31·4 of the females).

Religious Professions and Education (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in the County of Louth in 1881, excluding children under five years of age, 32·3 per cent. of Roman Catholics, 5·1 per cent. of Protestant Episcopalians, 4·4 per cent of Presbyterians, 2·2 per cent. of Methodists, and 12·9 per cent. of "All other Denominations" were Illiterate, of the persons five years old and upwards in the County of the Town of Drogheda, 28·5 per cent. of Roman Catholics, 5·7 per cent. of Protestant Episcopalians, and 2·6 per cent. of Presbyterians, were Illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the County of Louth and County of the Town of Drogheda according to the Census of 1871 (week ending 17th June), was 9,488, or 36·0 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 10,442, or 40·0 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the County of Louth and County of the Town of Drogheda returned as Sick, on the night of the Census, was 589, or 1 in every 143 of the population; in 1881 the number so returned was 388, or 1 in every 200 of the population; of the latter number 223 were at their own homes, and 165 were in hospital

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,961, or 1 in every 43 of the population; of this number 579 were inmates of Workhouses, and 1,382 were in receipt of outdoor relief; in 1881 the number returned was 2,616, or 1 in every 30 of the population; 552 of these being in the Workhouses, and 2,064 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County of Louth and County of the Town of Drogheda during the ten years ending 31st March, 1881, was 3,569, equal to an average annual rate of 4·4 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered during the ten years was 20,660, affording an average annual rate of 25·6 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 15,667, being equal to an average annual rate of 19·4 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 5,699 (2,798 males and 2,901 females); the number for the previous decade was 10,171, and for that ending with March, 1861, 17,091, making a total of 32,961 for the thirty years.

Registration of Births and Deaths and Emigration.

Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 20,660, and the number of Deaths 15,667; a natural increase of 4,993 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 5,699, the net result shown is a decrease of 706: this number differs from the decrease (6,337) in the population, as shown by the Census Returns, to the extent of 5,631, a disparity to be accounted for mainly by defective registration, and to some extent by incomplete Returns of Emigrants; together with the fact that no record of Migration from one part of Ireland to another is obtainable.

NOTE.—The Census of 1821 is the first that affords a means of comparison with those of subsequent decades. In 1821 and 1831 the county of the town of Drogheda comprised an area of 5,780 acres, but it has since been reduced by Acts of Parliament to its present limits—454 acres—portions of St. Peter's and Ballymakenny parishes having been annexed to the county of Louth, and a portion of the parish of St. Mary to that of Meath, for the purpose, therefore, of a more accurate comparison of the first two with the subsequent decades, the houses and population of the portion of the parish of St. Mary, in the county of Meath, should be *deducted* from the figures given above for 1821 and 1831, but as that cannot now be done a supplemental Table, including the particulars for the years 1841, 1851, 1861, 1871, and 1881, is given at p 599, so as to exhibit the actual state of the houses and population on the same extent of country as was represented by the figures given for 1821 and 1831.

The Navy and Military serving in Ireland are included in the Population Tables in 1861, 1871, and 1881, but not in previous Censuses. The number in the county of Louth in 1861 was 469, in 1871, 427, and 384 in 1881. The number in the county of the town of Drogheda was 7 in 1861, 55 in 1871. In 1881 there were no military serving in the County of the Town of Drogheda on the night of the Census.

(a) Ravensdale Park was formerly a portion of a townland called "Ravensdale Park, or Anaverna," in the parish of Ballymascanlan, but it was formed between 1861 and 1871, into a distinct townland, in the parish of Jonesborough, which has also been constituted since 1861. As it cannot now be ascertained how many of the houses and population were on this portion in 1841, 1851, and 1861, the entire number is placed opposite the townland of Anaverna, in the parish of Ballymascanlan, see p 588.

(b) Including the inmates of Dundalk Union Workhouse.

(c) The remainder of the parish of Ballymascanlan is in the barony of Dundalk, Lower, see p 588; the entire parish contains 3,323 persons.

(d) The remainder of the parish of Castletown is in the barony of Dundalk, Lower, see p 589; the entire parish contains 555 persons.

(e) The remainder of the parish of Creggan is in the barony of Fews, Upper, county of Armagh.

(f) The decrease in the population of Cavananore townland is attributed to emigration and deaths.

(a) The Civic Districts comprise the townships of Ardee and Dundalk. (b) Dundalk Military Barrack

NOTE—The plan of classification in the foregoing and subsequent Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, and 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often either through inadvertance, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student"

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools (of which there are none in the county of Louth or in the county of the Town of Drogheda) being the first. See Rules of the Commissioners of National Education, page 8.

NOTE

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest, and, as in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Meath, and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1881.

COUNTY OF MEATH.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Meath from the Census returns of 1881.

SUMMARY.

Area. The County of Meath covers an area of 579,861 statute acres, or 2·8 per cent. of the total area of the country.

Distribution of Land. (Table i.) According to the Agricultural Statistics (Ireland), for this year (1881), presented to Parliament by the Registrar-General, there are 60,441 acres under tillage, 85,893 under meadow and clover, and 386,374 under pasture, making a total of 532,708 acres of Arable Land, or 92·4 per cent. of the total extent of land in the County, 9,599 acres, or 1·7 per cent. under Plantations; 11,260 or 1·9 per cent under Bog and Marsh; and 201 acres under barren Mountain Land. The remaining 22,849 acres or 4·0 per cent. were returned as under "Roads, Fences, &c., &c."

Population. (Table ii.) The number of persons in the County of Meath according to the Census was—in 1841, 183,828; in 1851, 140,748, in 1861, 110,373, in 1871, 95,558, and according to the recent Census **87,469** (**44,315** Males and **43,154** Females) or **8·5** per cent. less than in 1871.

Families and Houses. The number of distinct Families in the County at the time of the late enumeration was 17,705, the average number of persons in a family being thus 4·86; and the number of Inhabited Houses was 17,307, showing an average of 4·96 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables iv. and vi.) The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881, and the decrease during the decade.

From the foregoing Statement it will be observed that the highest per-centage of decrease in the Baronies took place in Morgallion, Slane Upper, and Deece Lower, viz., 17·4, 14·5, and 13·6, respectively, and the lowest in Lune, Fore, and Dunboyne, viz, 4·1, 5·1, and 5·5, respectively. The highest per-centage of decrease in the Poor Law Unions situated in this County occurred in the portions of Edenderry, Kells, and Ardee, viz, 12·0, 10·8, and 10·3, respectively, and the lowest in the portions of Oldcastle and Drogheda and in Trim, viz., 5·4, 6·7, and 6·6, respectively. There was a slight increase in the population of that portion of Celbridge, situated in this County.

Birthplaces of the Inhabitants. (Table xxiv.) Of the persons enumerated in the county in 1881, 88·02 per cent. were born therein, 7·22 per cent. in other counties of the Province of Leinster, 0·48 per cent. in Munster; 2·78 per cent. in Ulster, 0·47 per cent. in Connaught, 0·82 per cent in Great Britain; and 0·21 per cent. were born abroad.

Civic Districts. (Table v.) Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains two such districts, viz, Kells and Navan, townships constituted under the provisions of the Act 17 & 18 Vic., cap. 103, in 1871 the total population of these two townships amounted to 7,057, in 1881 it was 6,695, showing a decrease of 362 or 5·1 per cent.; in the rural district of the county the decrease was 8·7 per cent.

Parliamentary Representation (Table v.) The county returns two Members to Parliament, the constituency in 1881 being 3,877, and the borough of Drogheda, a small portion of which is situated in this county, with a constituency of 721 for the entire borough, returns one Member.

Religious Professions. (Table xxviii.) The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade.—

Religious Professions.

From the preceding Table it will be seen that of the total population of the County, in 1881, 93·4 per cent. were Roman Catholics, 6·1 per cent Protestant Episcopalians, 0·4 per cent. Presbyterians, and 0·1 per cent. Methodists. During the decade there was a decrease in the number of persons belonging to each of the principal Religious Denominations, the respective rates of decrease being as follow:—Roman Catholics, 8·3 per cent.; Protestant Episcopalians, 9·1; Presbyterians, 12·5; and Methodists, 48·8.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Meath in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education	1871		1881	
	Number of Persons	Rate per Cent.	Number of Persons	Rate per Cent
Read and Write,	43,396	45·4	47,879	54·7
Read only,	14,447	15·1	12,036	13·8
Illiterate,	37,715	39·5	27,554	31·5
Total,	95,558	100	87,469	100

From the above it will be seen that whereas, according to the Returns of 1871, only 45·4 per cent. of the Inhabitants could "read and write," in 1881, 54·7 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 15·1, and in 1881, 13·8; and that the per-centage of the "illiterate" fell from 39·5 in 1871 to 31·5 in 1881.

(Table xxxii.)

The following statement shows the population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

—	1871			1881		
	Males	Females	Total	Males.	Females.	Total
Population, 5 years old and upwards,	43,198	42,024	85,222	39,645	38,545	78,190
Number of ditto Illiterate,	12,919	14,460	27,379	8,995	9,280	18,275
Proportion per cent,	29·9	34·4	32·1	22·7	24·1	23·4

From the foregoing statement it will be seen that, in 1871, 32·1 per cent of the inhabitants, aged five years and upwards, were illiterate (29·9 per cent. of the males and 34·4 of the females), and that, in 1881, the per centage was but 23·4 (22·7 of the males and 24·1 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 24·7 per cent of Roman Catholics, 5·2 per cent of Protestant Episcopalians, 0·7 per cent. of Presbyterians, 0·0 per cent. of Methodists, and 2·3 per cent of Members of "All other Denominations" were illiterate.

School Attendance (Table xxxvii.)

The number of children attending school in the County of Meath, according to the Census of 1871 (week ending 17th June), was 11,064 or 37·9 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 11,424, or 40·3 per cent of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the County of Meath returned as Sick, on the night of the Census, was 1,009, or 1 in every 95 of the population, in 1881 the number so returned was 848, or 1 in every 103 of the population; of the latter number, 403 were at their own homes, and 445 were in hospital.

Pauperism. (Table v.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 2,934 or 1 in every 33 of the population, of this number 1,489 were inmates of Workhouses, and 1,445 were in receipt of outdoor relief, in 1881 the number returned was 3,967, or 1 in every 22 of the population; 1,481 of these being in the Workhouses, and 2,486 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act, which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the county of Meath, during the ten years ending 31st March, 1881, was 3,165, equal to an average annual rate of 3·6 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 21,293, affording an average annual rate of 23·3 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 16,878, being equal to an average annual rate of 18·4 per 1,000, the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 10,521 (5,627 males and 4,894 females), the number for the previous decade was 15,557, and for that ending with March, 1861, 23,297, making a total of 49,375 for the thirty years.

Registration of Births and Deaths and Emigration. Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 21,293 and the number of Deaths 16,878; a natural increase of 4,415 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 10,521, the net result shows as a decrease of 6,106: this number differs from the decrease (8,089) in the population, as shown by the Census Returns, to the extent of 1,983, a disparity to be accounted for mainly by defective registration, and to some extent by incomplete Returns of Emigrants, together with the fact that no record of Migration from one part of Ireland to another is obtainable.

NOTE.—The Census of 1821 is the first that affords a means of comparison with those of subsequent decades, but since 1831 1,204 acres, which had formerly been included in the county of the town of Drogheda in the Census publications, have been, under Acts of Parliament 3 & 4 Vic., cap 109, and 8 & 9 Vic., cap 121, added to the county of Meath. This addition, however, does not destroy the comparison of one decade with another
The Navy and Military serving in Ireland are included in the Population Tables in 1861, 1871, and 1881, but not in previous Censuses. The number in the county of Meath in 1861 was 2, and in 1871 180. There were no military serving in the county on the night of the 3rd of April, 1881.

(a) Yellow Furze not containing twenty houses has, as in 1861 and 1871, been included with the townlands of Dollardstown and Seneschalstown, on which it stood. See NOTE at head of Table VII. p. 668.

(b) The remainder of the parish of Piercetown is in the barony of Duleek, Upper, see p. 672, the entire parish contains 273 persons.

(c) The remainder of the parish of St. Mary is in the county of the town of Drogheda; the entire parish contains 4,159 persons. This portion of the parish, formerly in the barony of Drogheda, was annexed to that of Duleek, Lower, under the provisions of the Act 5 & 9 Vic., cap. 121; it forms a portion of the Parliamentary borough of Drogheda.

(d) The decrease in 1871 in the number of houses and population in this townland was mainly owing to the enumerator having returned 73 of the former (66 inhabited and 7 uninhabited), and 273 of the latter (142 males and 131 females) in the county of the town of Drogheda.

(e) Including the inmates of Drogheda Union Workhouse.

(f) Ardcath not containing twenty houses, has, as in 1851, 1861, and 1871, been included with the townland of that name on which it stood. See NOTE at head of Table VII. p. 668.

(a) The Civic Districts comprise the Townships of Kells and Navan

NOTE—The Houses will be found arranged under four classes in Table VIII., p. 704. The plan of classification is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family and of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, 2nd class houses, with two or three families, and 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor or Barrister and Land Agent, or Judge and Land Owner will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

*The designation "PRIMARY" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "SUPERIOR," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the Queen's County; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1881.

QUEEN'S COUNTY.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the Queen's County from the Census Returns of 1881.

SUMMARY.

Area.

The Queen's County covers an area of 424,854 statute acres, or 2·0 per cent. of the total area of the country.

Distribution of Land. (Table x.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 81,333 acres under tillage, 58,497 under meadow and clover, and 212,281 under pasture, making a total of 352,111 acres of Arable Land, or 82·9 per cent. of the total extent of land in the County, 10,981 acres, or 2·6 per cent. under Plantations; 27,408 or 6·5 per cent. under Bog and Marsh, and 18,976 or 4·5 per cent. under barren Mountain Land. The remaining 14,982 acres or 3·5 per cent. were returned as under "Roads, Fences, &c., &c."

Population. (Table ii.)

The number of persons in the Queen's County according to the Census was—in 1841, 153,930; in 1851, 111,664, in 1861, 90,650, in 1871, 79,771; and according to the recent Census **73,124** (**36,861** Males and **36,263** Females) or **8·3** per cent. less than in 1871.

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration, was 14,509, the average number of persons in a family being thus 4·95; and the number of Inhabited Houses was 14,211, showing an average of 5·06 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions (Tables iii and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881, and the decrease during the decade —

Baronies	Population		Decrease between 1871 and 1881		Poor Law Unions	Population		Decrease between 1871 and 1881.

Total,	79,771	73,124	6,647	8·3	Total,	79,771	73,124	6,647	8·3

From the foregoing Statement it will be observed that the highest per-centages of decrease in the Baronies took place in Slievemargy, Maryborough West, and Ballyadams, viz. 12·9, 11·4, and 11·1 respectively; and the lowest in Maryborough East, and Clandonagh, viz., 2·8 and 6·1, respectively. The highest per-centage of decrease in the Poor Law Unions occurred in that portion of Carlow situated in this county, and the lowest in the small portion of Roscrea similarly situated.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the county in 1881, 88·18 per cent. were born therein, 7·55 per cent. in other counties of the Province of Leinster; 2·10 per cent. in Munster, 0·55 per cent. in Ulster, 0·43 per cent. in Connaught, 0·92 per cent. in Great Britain; 0·27 per cent. were born abroad, and 3 persons were born at sea.

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

Civic Districts. (Table v.)

The county contains 2 such districts, viz., Maryborough and Mountmellick, and portions of two others, viz., Carlow and Portarlington; in 1871 the total population thereof amounted to 8,870; in 1881 it was 8,800, showing a decrease of 70; in the rural district of the county the decrease was 6,577 or 9·3 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 3,066. Portions of the boroughs of Carlow and Portarlington are situated in the county—the former, with a constituency of 295 for the entire borough, returns one Member, and the latter with a constituency of 142 for the entire borough also returns one Member.

Religious Professions (Table xxviii.)

The following statement shows, according to Religious Professions, the number of persons in 1871 and 1881, and the increase or decrease during the decade —

Religious Professions	Number of Persons.		Per-centage of Total Population		Increase or Decrease, 1871–1881.		
	1871	1881	1871	1881	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	70,186	64,315	88·0	88·0	—	5,871	8·4
Protestant Episcopalians,	8,632	7,899	10·8	10·8	—	733	8·5
Presbyterians,	307	290	0·4	0·4	—	17	5·5
Methodists,	394	399	0·5	0·5	5	—	1·3
All other Denominations (and Religion unascertained),	252	192	0·3	0·3	—	60	23·8
Information refused,*	—	29	—	—	29	—	—
Total,	79,771	73,124	100·	100·	—	6,647	8·3

From the above Table it will be seen that of the total population of the county in 1881, 88·0 per cent were Roman Catholics, 10·8 per cent. Protestant Episcopalians, 0·4 per cent. Presbyterians, 0·5 per cent. Methodists,

* The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

rinted image digitised by the University of Southampton Library Digitisation Unit

and 0·3 per cent. members of other Religious Denominations (and Religion Unascertained), these percentages being precisely the same as the corresponding proportions for 1871. During the decade there was a decrease in the number of Roman Catholics, amounting to 8·4 per cent.; Protestant Episcopalians, 8·5 per cent.; Presbyterians, 5·5 per cent., and all other Denominations (and Religion Unascertained) 23·8 per cent., there was an increase of 5 in the number of Methodists.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the Queen's County in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms

Degrees of Elementary Education.	1871		1881	
	Number of Persons.	Rate per Cent	Number of Persons	Rate per Cent
Read and Write,	39,311	49·3	41,716	57·1
Read only,	12,999	16·6	10,553	14·4
Illiterate,	27,461	34·4	20,855	28·5
Total,	79,771	100	73,124	100

From the above it will be seen that whereas, according to the Returns of 1871, only 49·3 per cent. of the Inhabitants could "read and write," in 1881, 57·1 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 16·3, and in 1881, 14·4; and that the per-centage of the "illiterate" fell from 34·4 in 1871 to 28·5 in 1881.

(Table xxxii.)

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

	1871			1881		
	Males	Females	Total	Males.	Females	Total
Population, 5 years old and upwards,	35,457	35,673	71,130	33,058	32,631	65,689
Number of ditto Illiterate,	9,310	9,510	18,820	6,915	6,505	13,420
Proportion per cent.,	26·3	26·7	26·5	20·9	19·9	20·4

From the foregoing statement it will be seen that, in 1871, 26·5 per cent. of the inhabitants, aged five years and upwards, were Illiterate (26·3 per cent of the males and 26·7 of the females), and that, in 1881, the per-centage was but 20·4 (20·9 of the males and 19·9 of the females).

Religious Professions and Education (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 22·4 per cent of Roman Catholics, 6·6 per cent. of Protestant Episcopalians, 2·7 per cent of Presbyterians, 2·0 per cent of Methodists, and 1·1 per cent. of "All other Denominations" were Illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the Queen's County, according to the Census of 1871 (week ending 17th June), was 8,371 or 33·7 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 9,606, or 39·5 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the Queen's County returned as Sick, on the night of the Census, was 580, or 1 in every 138 of the population, in 1881 the number so returned was 391, or 1 in every 187 of the population; of the latter number 228 were at their own homes, and 163 were in hospital

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,396, or 1 in every 57 of the population, of this number 616 were inmates of Workhouses, and 780 were in receipt of outdoor relief; in 1881 the number returned was 2,162, or 1 in every 34 of the population 677 of these being in the Workhouses, and 1,485 on outdoor relief

Marriages, Births, and Deaths (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act, which Districts, save in a few instances, are identical with the Registrars' Districts Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the Queen's County during the ten years ending 31st March, 1881, was 2,838, equal to an average annual rate of 3·7 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000

The number of Births registered in the County during the ten years was 18,061, affording an average annual rate of 23·6 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 13,782, being equal to an average annual rate of 18·0 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000

Emigration (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 9,090 (4,605 males and 4,485 females), the number for the previous decade was 9,620, and for that ending with March, 1861, 19,886, making a total of 38,596 for the thirty years

Registration of Births and Deaths and Emigration.

Decrease in the Population

The number of Births registered during the ten years ending 31st March, 1881, being 18,061, and the number of Deaths 13,782, a natural increase of 4,279 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 9,090, the net result shown is a decrease of 4,811: this number differs from the decrease (6,647) in the population, as shown by the Census Returns, to the extent of 1,836, a disparity to be accounted for mainly by defective registration, and to some extent by incomplete Returns of Emigrants; together with the fact that no record of Migration from one part of Ireland to another is obtainable.

The number in the Queen's County in 1861 was 70, in 1871 there were not any serving in the county on the night of the Census, and in 1881 there were 67.

(a) The Civic Districts comprise the townships of Carlow (part of), Maryborough and Mountmellick, and the town of Portarlington (part of).

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; and in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First class accommodation consisting of 1st class houses, occupied by one family.

Second class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, and 1st class houses occupied by four or five families.

Fourth class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(*a*) In this Class, Order, and Sub Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools, of which there are none in the Queen's county, being the first. See Rules of the Commissioners of National Education, page 5.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Westmeath; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1881.

COUNTY OF WESTMEATH.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Westmeath from the Census returns of 1881.

SUMMARY.

Area.

The County of Westmeath covers an area of 453,453 statute acres, or 2·2 per cent. of the total area of the country.

Distribution of Land. (Table i.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 43,284 acres under tillage, 54,562 under meadow and clover, and 269,379 under pasture, making a total of 367,225 acres of Arable Land, or 85·1 per cent. of the total extent of land in the County; 8,255 acres, or 1·9 per cent, under Plantations; 41,448, or 9·6 per cent, under Bog and Marsh; and 804, or 0·2 per cent., under barren Mountain Land. The remaining 13,856 acres, or 3·2 per cent, were returned as under "Roads, Fences, &c., &c."

Population. (Table ii.)

The number of persons in the County of Westmeath according to the Census was—in 1841, 141,300; in 1851, 113,407; in 1861, 90,879; in 1871, 78,432; and according to the recent Census **71,798** (**36,478** Males and **35,320** Females) or **8·5** per cent. less than in 1871.

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 14,306, the average number of persons in a family being thus 4·89; and the number of Inhabited Houses was 13,907, showing an average of 5·03 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables iii. and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the decrease during the decade.

Baronies	Population.		Decrease between 1871 and 1881		Poor Law Unions	Population.		Decrease between 1871 and 1881.

From the foregoing Statement it will be observed that the highest per-centages of decrease in the Baronies took place in Fartullagh, Moygoish, and Corkaree, viz., 12·1, 11·6, and 11·3, respectively, and the lowest in Clonlonan, Brawny, and Farbill, viz, 1·8, 4·3, and 6·2, respectively. The highest per-centages of decrease in the Poor Law Unions occurred in the portions of Tullamore and Granard situated in this County, and the lowest in that of Athlone.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the county in 1881, 87·82 per cent. were born therein, 7·05 per cent. in other counties of the Province of Leinster, 0·80 per cent in Munster; 1·18 per cent. in Ulster; 1·58 per cent. in Connaught; 1·16 per cent. in Great Britain; 0·41 per cent. were born abroad, and two persons were born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains one such district, viz., Mullingar, and portion of another (Athlone); in 1871 the total population thereof amounted to 8,240, in 1881 it was 7,859, showing a decrease of 381 or 4·6 per cent; in the rural district of the county the decrease was 8·9 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 3,462, and the borough of Athlone, part of which is situated in this county, with a constituency of 337 for the entire borough, returns one Member.

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Total,	78,432	71,798	100·	100·	—	6,634	8·5

From the above Table it will be seen that of the total population of the County, in 1881, 92·2 per cent. were Roman Catholics, 6·9 per cent. Protestant Episcopalians, 0·4 per cent. Presbyterians, 0·3 per cent.

* The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Methodists, and 0·2 per cent. members of other Religious Denominations (and Religion unascertained). During the decade there was a decrease in the number of Roman Catholics amounting to 7·7 per cent.; and of Protestant Episcopalians, equal to 17·2 per cent.; there was an increase of 17 in the number of Presbyterians, and of 38 in the number of Methodists.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Westmeath in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education.	1871		1881.	
	Number of Persons	Rate per Cent	Number of Persons	Rate per Cent
Read and Write,	35,699	45 5	38,784	54·0
Read only,	12,575	16·0	10,573	14·7
Illiterate,	30,158	38 5	22,441	31·3
Total,	78,432	100	71,798	100

From the above it will be seen that whereas, according to the Returns of 1871, only 45·5 per cent. of the Inhabitants could "read and write," in 1881, 54·0 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 16 0, and in 1881, 14·7; and that the per-centage of the "illiterate" fell from 38 5 in 1871 to 31 3 in 1881.

The following statement shows the population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

	1871			1881.		
	Males	Females.	Total	Males.	Females	Total
Population, 5 years old and upwards,	35,503	34,503	70,006	32,649	31,752	64,401
Number of ditto Illiterate,	10,268	11,464	21,732	7,523	7,521	15,044
Proportion per cent.,	28·9	33 2	31 0	23 0	23 7	25 4

From the foregoing statement it will be seen that, in 1871, 31·0 per cent. of the inhabitants, aged five years and upwards, were illiterate (28·9 per cent. of the males and 33 2 of the females), and that, in 1881, the per centage was but 23 4 (23·0 of the males and 23 7 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 25 0 per cent of Roman Catholics, 4·7 per cent. of Protestant Episcopalians, 7 1 per cent. of Presbyterians, 1·8 per cent. of Methodists, and 2 8 per cent. of Members of "All other Denominations" were illiterate.

School Attendance (Table xxxvii.)

The number of children attending school in the County of Westmeath, according to the Census of 1871 (week ending 17th June), was 8,767 or 34 5 per cent of persons aged 5 years and under 20, in 1881 the number returned (for week ending 14th May), was 9,549, or 39·9 per cent of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the County of Westmeath returned as Sick, on the night of the Census, was 771, or 1 in every 102 of the population; in 1881 the number so returned was 465, or 1 in every 154 of the population; of the latter number, 297 were at their own homes, and 168 were in hospital.

Pauperism (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,333 or 1 in every 59 of the population, of this number 776 were inmates of Workhouses, and 557 were in receipt of outdoor relief; in 1881 the number returned was 2,881, or 1 in every 25 of the population; 858 of these being in the Workhouses, and 2,023 on outdoor relief.

Marriages, Births, and Deaths. (Table xix.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions

According to the Returns of the Registrar-General the number of Marriages registered in the county of Westmeath, during the ten years ending 31st March, 1881, was 3,205, equal to an average annual rate of 4 3 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 17,799, affording an average annual rate of 23·7 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 13,879, being equal to an average annual rate of 18·5 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 7,347 (3,987 males and 3,360 females); the number for the previous decade was 11,309, and for that ending with March, 1861, 18,587, making a total of 37,243 for the thirty years.

Registration of Births and Deaths and Emigration.

Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 17,799 and the number of Deaths 13,879; a natural increase of 3,920 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 7,347, the net result shown is a decrease of 3,427: this number differs from the decrease (6,634) in the population, as shown by the Census Returns, to the extent of 3,207, a disparity to be accounted for mainly by defective registration, and to some extent by incomplete Returns of Emigrants, together with the fact that no record of Migration from one part of Ireland to another is obtainable.

The number in the County of Westmeath in 1861 was 11, in 1871, 519, and in 1881 494.

(a) The Civic Districts comprise the townships of Athlone, part of, and Mullingar. (b) Military Barrack.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud, or other perishable material, and having only one room and window; in the third a better description of house, varying from two to four rooms and windows; in the second, what might be considered a good farm-house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz:—

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, and 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons of circumstances in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both will often either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor of Barrister and Land Agent, or Judge and Land Owner will very generally be found returned in but one of these characters.

(a) In this Class, Order, and Sub Order are included all persons *aged 15 years and upwards*, returned as 'Scholar' or 'Student.'
